

Dearborn Park Playground COVID 19 Guidelines Updated June 15th

Please read and follow the following guidelines provided by the Center for Disease control

In communities where there is ongoing spread of COVID-19, playgrounds can be hard to keep safe because:

- They are often crowded and could make social distancing difficult.
- It can be difficult to keep surfaces clean and disinfected. Dearborn will not be receiving regular cleaning and disinfecting of playground equipment
- SARS-CoV-2, the virus that causes COVID-19, can spread when young children touch contaminated objects, and then touch their eyes, nose, or mouth.

If you choose to visit a playground:

- Maintain a distance of at least 6 feet away from people you do not live with.
[Wash hands](#) with soap and water for at least 20 seconds
- Adults and older children who can safely use hand sanitizer: Use hand sanitizer that contains at least 60% alcohol and rub hands together until dry, if soap and water are not readily available.
- Wear a cloth face covering if you can. Cloth face coverings should not be placed on:
 - Children under age 2;
 - Anyone who has trouble breathing.

Anyone who is unconscious, cannot move, or is otherwise unable to remove the cloth face covering

If you have questions or comments you may contact North Hampton Parks and Recreation at 964-3170 or email jmanzi@northhampton-nh.gov
